(NUNZIO Newsroom)

Additionally, an allnew Epaper feature provides broadcasters with the option of a digital publication that is optimised for reading on mobile and tablet devices. This is a free upgrade for all Etere Nunzio users.

Etere futureproofs your investments with myriad publishing options, ensuring full flexibility and the best returns. Etere Nunzio is an allinone solution that performs all jobs within a newsroom with increased efficiency and control. Nunzio offers full NRCS capabilities to manage the entire tapeless workflow of a newsroom, from planning of news stories to the control of onair playback. Nunzio enables development of a story from the initial idea to broadcast. It leverages Etere workflow capabilities to handle requirements and offers integration in the entire existing IT and production environment. Nunzio relies on an Etere MAM database and uses the Etere Media Management engine for transfers and federate integration of multi site systems.

Key Benefits

Easy management of multi-reporting tools from a single interface. Brings content to a wider audience via website and social media platforms such as Twitter, Facebook, LinkedIn and Youtube. Allows news teams to stay connected easily in even in different geographical locations. Allows engaged audiences to share news content with their network. Realtime performance metrics , feedback of audiences including live comments, social media polling and realtime results allow journalists to connect with people and information.

Social media and web reporting empower journalists to publish breaking news and live updates on the fly. EPaper is mobile and tablet optimised, thus encourages reading on the move as compared to regular websites and flashbased newspapers/magazines. Intuitive graphical buttons for a user friendly experience Provides the best flexibility of content creation and distribution that goes beyond television.
