Audacity Interface Etere

Etere Radio-Live integrates seamlessly with Audacity, which can be used as a secondary audio editor. The integration adds advanced audio editing features, including recording live audio, cutting, copying, splicing or mixing sounds, and editing various audio files. The Etere integration also offers cross-platform compatibility and supports multiple plugins and libraries for enhanced functionality. This software update is free for all Etere users on a support contract.

Audacity is a software that enables users to record and edit audio clips.
