Etere panel for Adobe Premiere Pro seamlessly bridges the gap between the Etere Ecosystem and Adobe Premiere Pro.

With the new update, users can search and preview media assets at faster speeds directly within their workflow, eliminating the need for constant screen switching. Moreover, users can connect sequences in Adobe Premiere Pro directly to their corresponding asset forms in the Etere MAM for an uninterrupted workflow. This ensures a smooth transition as they save work-in-progress or completed assignments to the Etere MAM for further management and collaboration.

Etere panel for Adobe Premiere Pro offers seamless integration with Etere modules to leverage the benefits of a unified system.

- Etere Media Asset Management to search and MAM assets, link assets without switching screens, search by asset code, integrate task list
- Etere HSM for partial file restore
- Etere Promo Placement to receive new promos
- Etere Nunzio Newsroom to retrieve rundown stories and for fast content publishing
