About SET Expo

Organized by the prestigious Brazilian Society of TV Engineering, SET Expo is the main Latin American event on Television, Radio and Telecommunications Engineering industry. Event participants include the world's leading manufacturers, executives, technicians, experts and researchers from the media, technology, entertainment, broadcast and government agencies. SET EXPO is focused on professionals and executives from the multimedia production and distribution market, including open and under-payment TV, radio, internet, production and telecommunications.

<https://set.org.br/events/setexpo/>

The Sociedade Brasileira de Engenharia de Televisão (SET), founded on March 25, 1988, is a non-profit technical-scientific association of professionals in engineering, technology, operation, research and end activities, educational institutions and companies, and has for the purpose of disseminating technical, operational and scientific knowledge and improving the technologies of electronic audio and video media.
