About Casablanca Broadcast Days

The Casablanca Broadcast Days is undoubtedly a pivotal event in the audio-visual industry for institutions, radio stations, and television networks. It's an event that's centered on the future of audiovisual integration for businesses and traditional media. In addition, it features emerging broadcasting technologies, the convergence of broadcast and digital platforms as well as the influence of new standards (2110, 5G, cloud) on the production and distribution of audiovisual content. The event also features a series of workshops, training programs and practical sessions. www.broadcastdays.com
