

Tapeless and Security

Tapeless means file exchange and connected networks. Tapeless provides an efficient and secure solution for the automatic transfer of any digital content.

DMZ

Tapeless means file exchange, to exchange files the networks must be connected. This can be a door also for virus exchange.

Etere's solution:

- No direct communication between MAM and other system
- All the public services as web, streaming, ftp, are in the DMZ area
- Every file arrives in DMZ area is checked and then moved inside

About Etere
