a consistent system

Etere logo

Etere Time Flooder-Receiver allows you to synchronize the time of any PC connected by the LAN from a reference PC even from a SMPTE Timecode Reader, the timecode will be broadcasted over the LAN through an UDP protocol.

About Etere
Founded in 1987, Etere is amongst the worldwide leaders in Media Asset Management and channel in a box software solutions for broadcasters and media companies. Etere's unique MERP software-only solution is used by many of the world's leading Media Enterprises to power their digital assets. Its modular solutions including Airsales, Ad Insertion, playout, HSM archive, TV automation and Censorship are built with an innovative architecture, offering the best flexibility and reliability in the market. Etere is headquartered in Singapore, with a dedicated 24/7 support centre in Italy.
