

Etere Streamlines Software Installation and Upgrade

Etere has released a new installer with an integrated interface for the installation and update of Etere applications, making it extremely fast and easy to set up Etere applications and download updates.

Ftere GUI

The GUI

As part of its commitment towards continual improvements, Etere has released a new software procedure (**EtereInstall.exe**) that makes it extremely easy for users to install, update and upgrade their Etere software with only a few clicks. This service is provided free to all customers with a valid Etere support contract.

With the new Etere installer, all software releases will be dynamically updated, enabling users to automatically download updates.

Some of the customization features of the installer include:

- **Update Shortcuts:** Option to enable automatic launch with Windows
- **Update Program Files:** Option to select the Etere modules to install or upgrade
- **Apply Etere desktop background:** Option to apply Etere background to desktop

For more details on the software upgrades and installation process, you may refer to the Etere Installation Guide at **Install / Update Etere Applications**

We would like to take this opportunity to thank you for your support, if you have any questions, please write to info@etere.com
