Due to the Covid-19 global pandemic, we are switching to a contactless business model. You can request for a live demo of our product anytime. Our business will continue to run but with minimised social contact. We have premises already designed to avoid risks for employees in every country we are present. Business is running as usual, we do not expect any slowdown or changes in all the running projects.

Due to the Covid-19 global pandemic, we are switching to a contactless business model. You can request for a live demo of our product anytime. Our business will continue to run but with minimised social contact. Smart working and conference calls were already part of our DNA and as today the safety rules has no impact on our operations.

We are a solid company to be able to overcome this difficult period for the economy, waiting for the business explosion when the crisis will end. Do not let geographical boundaries limit your business continuity. Wherever you are in the world, we can setup a video conference to showcase our products and new features to your convenience. With the availability of remote training and installation, Etere is ready to elevate your business!
