Etere Broadcast Management System

A comprehensive and complete scheduling solution provides various program planning tools, customizable views and filters, and full rights, media, and content validation.

Etere Promo Management

Etere provides an effective Promo Placement solution, a robust and integrated tool that can effectively manage the entire promo activity, including campaigns. Etere is the software that empowers media enterprises to maximize the use of their promotional inventory. Etere Promo Placement tracks the promo production lifecycle of the promos and enables integrated control in a single environment.

Basic MAM

Etere basic MAM is an entry-level MAM. It is included in every Etere system and offers a cost-effective solution to organize your assets.

Etere Transcoder

The Etere Transcoder action is a powerful transcoder that provides a flexible workflow action able to decode, encode, transcode, mux, demux, and filter almost any media used in the broadcast industry.

Etere Media Manager

Etere Media Manager is a highly effective solution that manages digital content transfer, copy, and movement from one level to another based on customizable workflow rules.

Etere F90

Etere F90 provides a more efficient connection between two different systems and guarantees maximum accuracy in exporting or importing information through a fully automated, paperless data flow application. The benefits of the automation of this process are evident, as human mistakes which could cause the interruption of the work processes are entirely avoided.

Etere Tapeless Reception

Etere Tapeless Reception eliminates the need to create physical copies, entrust valuable material to private couriers, and risk excessive waiting times through an efficient and secure solution to transfer any digital content automatically.

Etere Executive scheduling

Etere Executive Scheduling is the complete planning solution that significantly boosts the efficiency of your short and long-term playlists. Etere scheduling is part of Etere Ecosystem, the integrated enterprise framework that makes planned schedules aware of licensed content, contractual commercials, missing material, imported material, and regional ad insertions.
