Etere at IBC 2022

■ 9-12 September 2022, at RAI Amsterdam, Europaplein 24, 1078 GZ Amsterdam, Netherlands

This year, Etere will not be exhibiting at any of the major trade shows. Instead, we will continue to focus on our partnerships, community engagement, and content creation. As part of the company's digitalization roadmap, Etere continues to increase our content output and invest in our virtual demo sessions. The past year has provided an opportunity for the team to plan, strategize and collaborate on our virtual demo sessions. We will continue to enhance what we learned throughout 2020 and 2021. Moving some of our meetings and demonstrations online has helped us address our customers' needs within short notice and roll out our resources on demand. Etere will continue to provide the service excellence and innovation synonymous with Etere solutions.

For the safety of our employees and to maintain a safe working environment, the company has decided to defer our large-scale presence at exhibitions. Visitor attendance remains a consideration, and we will continue to evolve with the industry's developments and adapt to our customer's preferences.

While Etere will not be exhibiting, Fabio Gattari and Alex Gattari will be in attendance to meet our customers who want to meet in person. We have access to meeting rooms to have a discussion with you at IBC 2022. The marketing team is ready to engage and reconnect with you at IBC.

About Etere

Since its beginnings in 1987, Etere has been preparing users for the future. Etere is a worldwide provider of broadcast and media software solutions backed by its mark of excellence in system design, flexibility, and reliability. The revolutionary concept of Etere Ecosystem promotes real-time collaborations and enhances operational efficiency across the entire enterprise. Etere Ecosystem software solutions manage the end-to-end media workflow and feature an integrative Web and Windows architecture that is customizable to fit perfectly in any system.

Etere delivers on its service excellence commitment with a 24/7 worldwide support and inclusive software updates. Its digital technologies and market-proven remote/on-site services such as consultancy, training, installation, and demonstrations are ready to run with your business no matter where you are. Etere enhances your adaptability for the future and empowers you with the most innovative software tools to drive your business to greater heights.
