Etere Web Lite Asset

Etere launches a new web interface as an on-demand approach to content access, management, and multiplatform delivery. **Etere Web Lite** is a streamlined version of Etere Web that caters to management teams. Etere Web Lite brings faster access to information and a seamless content flow. Get instant access to data such as asset title, year of production, genre, cast, story, and even media preview, from any web browser with a secured login. It empowers media professionals with a quick and easy overview of all assets in the media library from any smart device, including PC, tablets, and mobile phones.

Etere Ecosystem implements security and business continuity policies that connect teams to resources seamlessly for a more efficient workflow. Its highly intuitive and feature-rich web toolkit brings an integrated and secure way of accessing, integrating, and automating workflows, whether on-premise, on the field, or from home. Collaboration between distributed teams is easier than ever. Etere's future-proof solutions bring you a better and faster way of working.

About Etere

Since its beginnings in 1987, Etere has been preparing users for the future. Etere is a worldwide provider of broadcast and media software solutions backed by its mark of excellence in system design, flexibility, and reliability. The revolutionary concept of Etere Ecosystem promotes real-time collaborations and enhances operational efficiency across the entire enterprise. Etere Ecosystem software solutions manage the end-to-end media workflow and feature an integrative Web and Windows architecture that is customizable to fit perfectly in any system.

Etere delivers on its service excellence commitment with a 24/7 worldwide support and inclusive software updates. Its digital technologies and market-proven remote/on-site services such as consultancy, training, installation, and demonstrations are ready to run with your business no matter where you are. Etere enhances your adaptability for the future and empowers you with the most innovative software tools to drive your business to greater heights.
