

Etere Launches a New Director Interface for Radio-Live

After months of research and development, Etere releases the intuitive Director Interface on Etere Radio-Live to easily manage live video streaming for radio. The Director Interface is a digital studio to control every aspect of your production in real-time.

Radio Live Director's Interface

Radio Live Scene Interface

With a centralized dashboard to manage and customize the radio payout, the Director Interface is a streamlined command centre with real-time access to essential information such as intro/outro, cluster, duration, date, thumbnail, description, artists, time, and more. Etere gives you a complete multimedia experience with an interface that makes your broadcaster operations smoother and more accessible.

Our customers are our most significant innovation partners. We have recently worked with over 100 customers to understand their needs better. This invaluable insight has helped us to create better products, including the Etere Radio-Live.

Etere Radio-Live

Experience a seamless operations with all the features you need and one of the smallest footprints on the market. You can expect fast turnaround and professional quality with its customizable workflows, real-time updates, and powerful controls.
