23/4/2013 Event

THANK YOU FOR VISITING ETERE BOOTH AT NAB SHOW 2013

Etere, the leading company in the broadcasting solutions, thanks you for your kind visit to our booth at last Nab show 2013. It was a pleasure to meet you and show our MERP system, an innovation that is gaining shared success worldwide in media field, result of over 23 years of stable research and development.

Etere Sales team

Our company is highly focused on the development of broadcasting software that has exclusive features, easy-to-use interface, integration of different versatile modules (such as Newsroom, Subtitling, Media Asset Management, Archiving, Automation, Air Sales, Broadcast Management, Scheduling, Transcoding and OTT Integration) and an accurate upgrade revised constantly. Etere is the best solution to improve your broadcasting productivity and has all the solutions for any of your networks requirements, since our aim is to develop the product along our customers feedback. Don't miss the chance to experience new Etere solutions coming to our next event at BroadcastAsia - Booth 4B2-18 Italian Pavillion, Marina Bay Sands, Singapore. It will be a nice input to meet you again and start a solid cooperation together.

For any further information or details, please browse on Etere website.
