## About NatExpo

NATEXPO is an annual international exhibition and conference focused on technologies, professional equipment and services for Television, Radio, and New Media Broadcasting and cinema production.

NATEXPO provides an ideal platform for international business development and technology exchange and serves as the perfect gateway to the Russian market, both on a national and regional level, for equipment manufacturers, technology providers, content producers, channel suppliers, and service operators.

With its mission to facilitate exclusive displays of traditional and new multimedia technologies alongside live service and program demonstrations, NATEXPO maintains a distinctively prominent position on the agenda of key industry players.

The NATEXPO 2024 exhibition of broadcasting technologies will be held on August 26-28 in the Lomonosov cluster. The exhibition is organized with the support of the Ministry of Finance of Russia and the Agency for Creative Industries. The Lomonosov cluster is located at 1 Ramenskiy Boulevard.
