ETERE STAND

ETERE is pleased to announce its presence at the "Korea International Broadcast, Audio & Lighting Equipment Show" taking place these days at the COEX exhibition center, booth D22.

Etere will be showcasing its fully integrated range of enterprise-level software modules that includes Cloud Media Asset Management, Cloud Archiving, Automation, Tapeless Reception, Air Sales, Broadcast Management, Scheduling, etc.

Etere Cloud Media ERP allows building a flexible, scalable and customizable system capable of carrying out the entire media life cycle from production to ingest and payout, from archiving to content delivery, under a fully tapeless workflow.

Fabio Gattari, Etere's Asia Pacific Sales Manager, commented on the ongoing event, "People is really appreciating our Cloud-based solutions, they are fascinated by the possibility of moving their systems to a true, reliable, powerful and easy to use cloud system. ETERE promises to significantly extend the landscape and boundaries of any broadcast workflow, taking traditional IT to a higher level where all resources are virtualized under the same cloud environment".

Visit us during the show at the booth of our Korean distributor Namsung Traders Co and get a demonstration on the unique features of Etere Cloud MERP.
