

ETERE AT CABSAT 2015

Meet us at CABSAT 2015 in Dubai from 10-12 March at Hall 3 booth A3-33, we will be exhibiting at the Middle-East most important event our latest solutions for broadcasters, production and post-production companies, content providers and more.

Dubai World Trade Centre

ETERE, a leading global provider of integrated solutions for production, playout and delivery systems for television broadcasters and multi-system operators, will demonstrate a fully integrated range of enterprise-level software modules, as: Media Asset Management, Archiving, Automation, Tapeless Reception, Air Sales, Broadcast Management, Scheduling, Transcoding and OTT Integration.

DISCOVER THE FUTURE WITH MERP

Etere Cloud Media ERP allows building a flexible, scalable and customizable system capable of carrying out the entire media life cycle from production to ingest and playout, from archiving to content delivery in multiple formats for multiple purposes, under a fully tapeless/paperless and workflow-based digital environment.

COME AND VISIT US

We invite you to explore our solutions at Hall 3 booth A3-33 of the Dubai World Trade Centre, where you can meet our Sales manager Emanuele Porfiri. In order to arrange a meeting at this event just send an email to marketing@etere.com.
