ET0557B Etere Control Panel

Etere produces its second release of the automation control panel with improved functionality

Etere Control Panel
Flowchart

A remote panel for operators must be ergonomic and easy to use. The Etere Control Panel uses Switcher quality buttons for a broadcast feedback from the operator.
The Light buttons help to identify the functions.
The panel is able to control up to 12 channels at the same time.Two serial connectors with their respective status lights guarantee redundancy to the device.Dimensions : 21cm x 22cm x 10 cm (height)
Weight : 2,2 Kg

Etere Switch

TECHNICAL FEATURES

Interface : RS422
Number of serial interface : 2
Control connector : DB9
Optical information : Light buttons
Temperature field : From +5° C to +45° C
Relative humidity : < 90 %
AC supply : 220/110 V 47-63 Hz
AC consumption : < 50 VA
Dimensions(mm) : 21X21x10
Weight : 2.2 Kg
