

Etere Showcases at IBC 2018

Connecting resource planning with production workflows.

Etere logo

Etere, a leader in Media Asset Management (MAM) and channel-in-a-box software solutions, will showcase its Plugin for Adobe® Premiere® Pro at **IBC 2018 (Stand 8.B89)**. Visitors will get to experience the benefits of Etere solutions with on-site demonstrations, personalized consultations and presentations on how Etere software can help them to achieve their business goals. The integration streamlines management of digital content and integrative workflows for all your broadcasting needs. Visitors to IBC can drop by the booth for a first-hand look at Etere Plugin for Adobe Premiere Pro CC, part of Adobe Creative Cloud® and learn more about integrative design features of the **Etere Media Enterprise Resource Planning (MERP)** framework.

IBC

Etere Plugin for Adobe Premiere Pro CC enables a seamless management of media assets interchangeably on both the Etere software platform and Adobe Premiere Pro CC with just a single login. With the integration, users can save time and costs navigating between interfaces. With integrative workflows at the heart of its system architecture, Etere Media Enterprise Resource Planning (MERP) framework enables streamlined management of the end-to-end workflow of any multimedia company including newsrooms, broadcast production, post-production and playout automation. It also manages real-time sharing of internal and external management information across all departments in the company. Etere software solutions are completely scalable to fit the requirements of all companies.
