

RADIO LIVE

Radio Live is the solution to a streamlined fuss free radio broadcasting experience. Radio Live Basic makes multi-platform audio and visual radio delivery affordable and reliable. Manage audio and visual radio with NDI Technology, all at a cost-effective price.

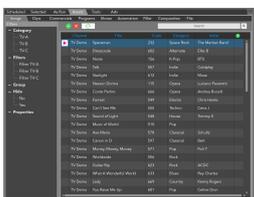

Radio Live

Etere Radio Live

radio live

radio live

Manage multiple radio stations, various playlists, and live and recorded shows, all from one interface.

Designed for convergence and full automation, Radio-Live allows users to ingest and produce content for Radio, TV, Web, and Mobile, all in a single system. Built for both big and small broadcasters, organize your tracks, build stacks, schedule your day, and make it happen with Radio-Live. Radio broadcasting is made easy with Radio-Live.

Equipped with a unique playout feature, users of Radio Live can check their playlists and make live, instant edits to their broadcasts and schedule advertisements with customizable graphics for a single track or the entire channel. The flexible customisation of media items allows users to make the most of their broadcasts.

Radio Live is available for both large and small broadcasters with **Radio Live Automation** and **Radio Live Basic**
