NDI in the Master Control Room by Fabio Gattari, Director, Etere

Date: Sunday, October 10 | 1:30 PM - 1:55 PM

Location: S226/S227, South Hall Meeting Rooms, Las Vegas Convention Centre

Program: Broadcast Engineering and IT Conference (BEIT)

In the inclusive case study, we will explore how Mondo TV in Belgrade, Serbia, integrates NDI technology in the master control room effectively, making it the world's first fully NDI connected system. The station which went live on 28 June 2020 manages 40 playout channels using NDI technology and Etere Ecosystem software. In addition, the station also runs a live internet TV on Mondo TV's online platform as well as on Telecom Serbia's website for the local market. Join us as we discuss the characteristics of NDI, its advantages in a master control room, its respective challenges and how to overcome the challenges effectively. See you there!

Session Topics

- Introduction
- NDI Compatibility in the Master Control Room
- Broadcast Potential of NDI
- Ease of Incorporation in Master Control Room
- Usage in Master Control Room
- Cost Saving Quality of NDI
- Case Study: Mondo TV Usage of NDI

About Etere
