

## AMBS Picks Etere to Take the Former ABS-CBN Channel 16 Forward

AMBS chose Etere Ecosystem to manage its end-to-end workflow. With Etere's scalability and flexibility, AMBS is empowered with the software tools to bring AMBS a new generation of success.

Etere logo

Etere has been selected as a technical solutions provider for **Advanced Media Broadcasting System (AMBS)** as it transitions to manage the broadcasting assets of the Philippines' former broadcasting company, ABS-CBN channel 16. Etere turnkey software is easily implemented, ensuring a seamless transition for the broadcaster.

The project leverages the benefits of Etere's market-proven Ecosystem that deploys cutting-edge technologies in a software solution that requires only off-the-shelf hardware to manage the end-to-end workflow of a broadcast and media company. With its transformative features, Etere delivers the quality, flexibility, and scalability needed for AMBS to set a new path of success in the market. Together with Etere, AMBS establishes a solid foundation to prepare for today's broadcast needs and the industry's future demands.

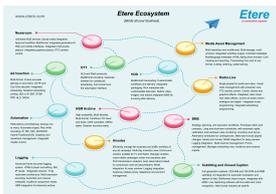

Advanced Media Broadcasting System

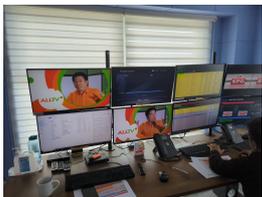

### Etere Ecosystem Empowers Broadcasters to Achieve More with a Lower Footprint
