

Etere Releases Modern HTML5 Interface for Airsales

Etere has released a new Airsales Web software designed for HTTPS protocol. The latest release allows you to access all the features of Etere Airsales from any location and on any smart device with an internet connection.

Airsales Strategic Editor

ETERE AIRSALES diagram

Etere Airsales Web is now available online with a new interface encompassing functionality and convenience. With a secure log-in from any internet browser, you have more efficient performance, faster speeds, and enhanced security. This software upgrade is free for all Etere users with a valid support contract. Etere Web supports HTML5 plugins, the latest HTML release. It also supports HTTPS to ensure the benefits of secure encryption, better performance, and faster speeds.

Etere Airsales on the Web provides the proven technology to manage your complete advertising lifecycle and scheduling requirements. Etere gives you 360 degrees of visibility and inventory control to optimize advertising revenue and profitability. With real-time data access across modules, including pre-and post-sales activities, sales campaigns, customer relationship proposals, commercial planning, invoicing, Account Executive, and agency commissions, you can collaborate with teammates and drive your workflows from wherever you are.
