

Meet Etere at SET Expo 2022

While Etere will not be exhibiting, the Etere team will be in attendance to meet our customers who want to meet in person. The Etere team will be at our distributor, Brasvideo's booth 71 at SET Expo 2022. To schedule a meeting, drop us an email at info@etere.com

Discover how Etere can help. Contact us at info@etere.com to schedule a meeting at SET Expo 2022. The Etere team will be at our distributor, Brasvideo's booth 71 at SET Expo 2022.

SET Expo 2022

Date: August 22-26, 2022

Venue: Expo Centre Norte Convention Center, São Paulo, Brazil (SP)

SET Expo 2022

Etere logo

Etere will not be exhibiting at any major trade shows this year. Instead, we will continue to focus on our partnerships, community engagement, and content creation. As part of the company's digitalization roadmap, Etere continues to increase our content output and invest in our virtual demo sessions. The past year has allowed the team to plan, strategize and collaborate on our virtual demo sessions. We will continue to enhance what we learned throughout 2020 and 2021. Moving some of our meetings and demonstrations online has helped us address our customers' needs within short notice and roll out our resources on demand. Etere will continue to provide the service excellence and innovation synonymous with Etere solutions.

For the safety of our employees and to maintain a safe working environment, the company has decided to defer our large-scale presence at exhibitions. Visitor attendance remains a consideration, and we will continue to evolve with the industry's developments and adapt to our customer's preferences.

While Etere will not be exhibiting, the Etere team will attend to meet our customers who want to meet in person. We have access to meeting rooms to have a discussion with you at SET Expo 2022. The Etere team will be at our distributor, Brasvideo's booth 71 at SET Expo 2022. To schedule a meeting, drop us an email at info@etere.com.

SET – Brazilian Society of Television Engineering Expo

The Sociedade Brasileira de Engenharia de Televisão (SET), founded on March 25, 1988, is a non-profit technical-scientific association of professionals in engineering, technology, operation, research and end activities, educational institutions and companies, and has for the purpose of disseminating technical, operational and scientific knowledge and improving the technologies of electronic audio and video media. <https://set.org.br/>
