INTERVIEWS

Daniel Bruskowski: "We develop our speakers with a lot of passion and heart."

Dr. Peter Siebert: "Regulators by now understand the relevance and value of the terrestrial platform and will allow for sufficient spectrum!"

Johan Meunier: "True quality comes at a price in all areas and sectors."

4k enabled Etere ETX expands interoperability with Blackmagic product support.

Leading broadcast and media solutions provider, Etere announced that Blackmagic products will be supported with its video management software, Etere ETX. Etere ETX delivers an exceptional user experience with a complete channel in a box with full IP (in and out) capabilities and an ever-expanding list of product support.

Advance your Video Content with the M.E.R.P Integrated Etere ETX.

Etere ETX is part of the revolutionary Media Enterprise Resource Planning (M.E.R.P.) framework that connects and manages the complete lifecycle of a Media/IT company. Etere ETX has a distributed architecture that enables it to take advantage of ultimate storage and video hardware to create a high-performance digital media solution that can be used to capture/playout servers, NLE systems, graphics/production servers, automation and master
