

Etere Studio Player

For both Live and Studio
Broadcasts

Integrated with MAM

- Part of Etere Media Asset Management solution
- Scalable to grow alongside user's business
- Edit and manage lists for both ingest and play
- Available "shortcut panel", through full device panels, through the scripting language, or fully automated.

User Operability

- The user friendly interface and full interoperability allows for a streamlined workflow that enables users to switch feeds instantly whenever necessary.
- Save time through available "shortcut panel", through full device panels, through the scripting language, or fully automated.
- A customisable application that has been optimised to work on touchscreens, with finger-friendly controls
- The communications with devices are full duplex so each command has a real time feedback.

Key Features

- Multifunctional as a studio player, the insertion of advertisements for live news and studio broadcasting
- Flexible configuration options
- Scalable architecture, highly adaptable with changing needs
- Prepare multiple advertisement lists for different scenarios
- Show management and studio production

Key Features

- Multicam ingest capabilities
- Live content inventory
- Touchable Interface
- Full remotely access to controls room devices, directly and automated
- Easily deploy run-down over your predefined format
- Record direct actions and save on custom-functions
