

Adobe Integration

Adobe Plug-in

- Etere Modules that benefit this integration:
 - Etere ERM
 - Etere MAM
 - HSM partial file restore
 - Promo Management for receiving new promo
 - Nunzio for fast content publishing

ERM

- Easy way to check and manage the assigned tasks directly in the interface
- Update the status of the job

Integrated panel

The screenshot displays the Adobe Premiere Pro 2020 interface. On the left side, the 'Tasks' panel is visible, which has been integrated with the Etere system. The panel shows a list of tasks with columns for 'Task', 'Description', 'Start date', and 'Due date'. A blue box labeled 'Integrated panel' points to this list. The main preview window shows a video of a person standing on a hill overlooking a lake. The timeline at the bottom shows a clip named 'Lake Como'.

Rundown View

The screenshot displays the Adobe Premiere Pro interface in Rundown View. The main window shows a schedule of video segments with columns for On Air, Description, Duration, Video, and Sch time. A preview window on the right shows a video clip with a timecode of 00:00:15:07. An 'Encoding 2118' dialog box is overlaid on the preview window, showing an estimated time remaining of 00:00:10 and a progress bar at 34%. The interface also includes a menu bar, a toolbar, and a media browser panel at the bottom left.
