

# Xdcam Cart as Archive

# Asset Form Archive

- Select asset with associated Professional Disc

The screenshot displays the 'Asset Form' application window. The title bar includes 'Asset Form' and 'BPPA'. The menu bar contains 'File' and 'Tools'. The toolbar features various icons for file operations and a search icon. The main interface is divided into several sections:

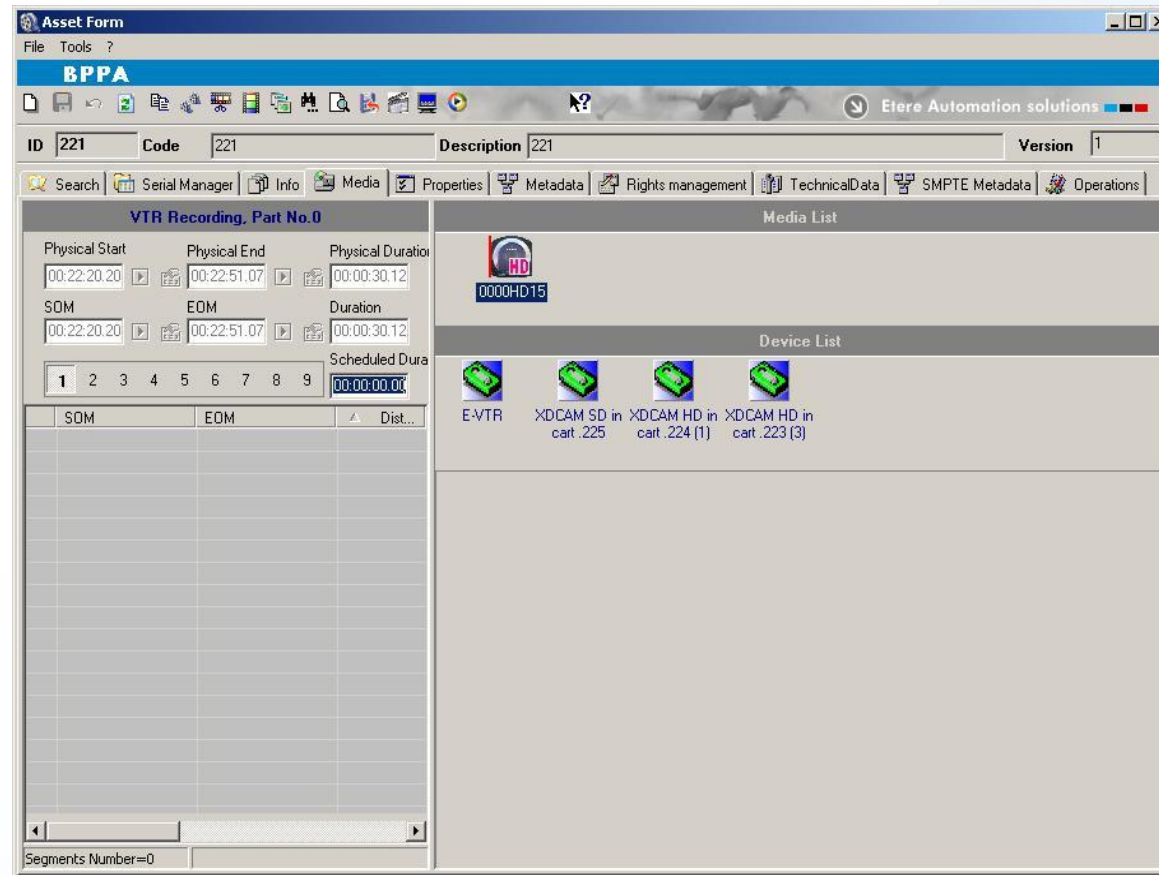

- Search Fields:** ID (221), Code (221), Description (221), Version (1). Below these are tabs for 'Standard', 'Extended', 'Notes', 'Quality Check', 'Media', 'Enabled Stations', 'Summary', and '\*Full-text'. A 'Query Manager' dropdown is also present.
- Form Fields:** Input fields for ID, Code, and Description. Checkboxes for 'Date of scheduling', 'Type', 'Exclude types', 'Tape Code', 'Media', and 'Duration'. A 'Sort by' dropdown set to 'Code'. A 'Num Record' spinner set to 250 and a 'Search also Expired Asset' checkbox.
- Media Management:** A 'Media' button and a 'SMPTe' button with a film reel icon.
- Table:** A table with 9 records. The first record is selected.

ID	Code	Description	Media	Episode	Duration
221	221	221		1	00:00:30.12
222	222	222 UP		1	00:00:10.11

# Asset Form Archive

- Enter Media tab and select the disc

# Asset Form Archive

- Tell the Cart to insert Media in proper Deck

# Cart Move

- Disc is moving

The screenshot shows the BPPA software interface with a 'Moving Disc' dialog box overlaid on the 'Media List' section. The dialog box contains a blue icon of a disc and the text '\*Moving Disc'. The 'Media List' table below it shows the following data:

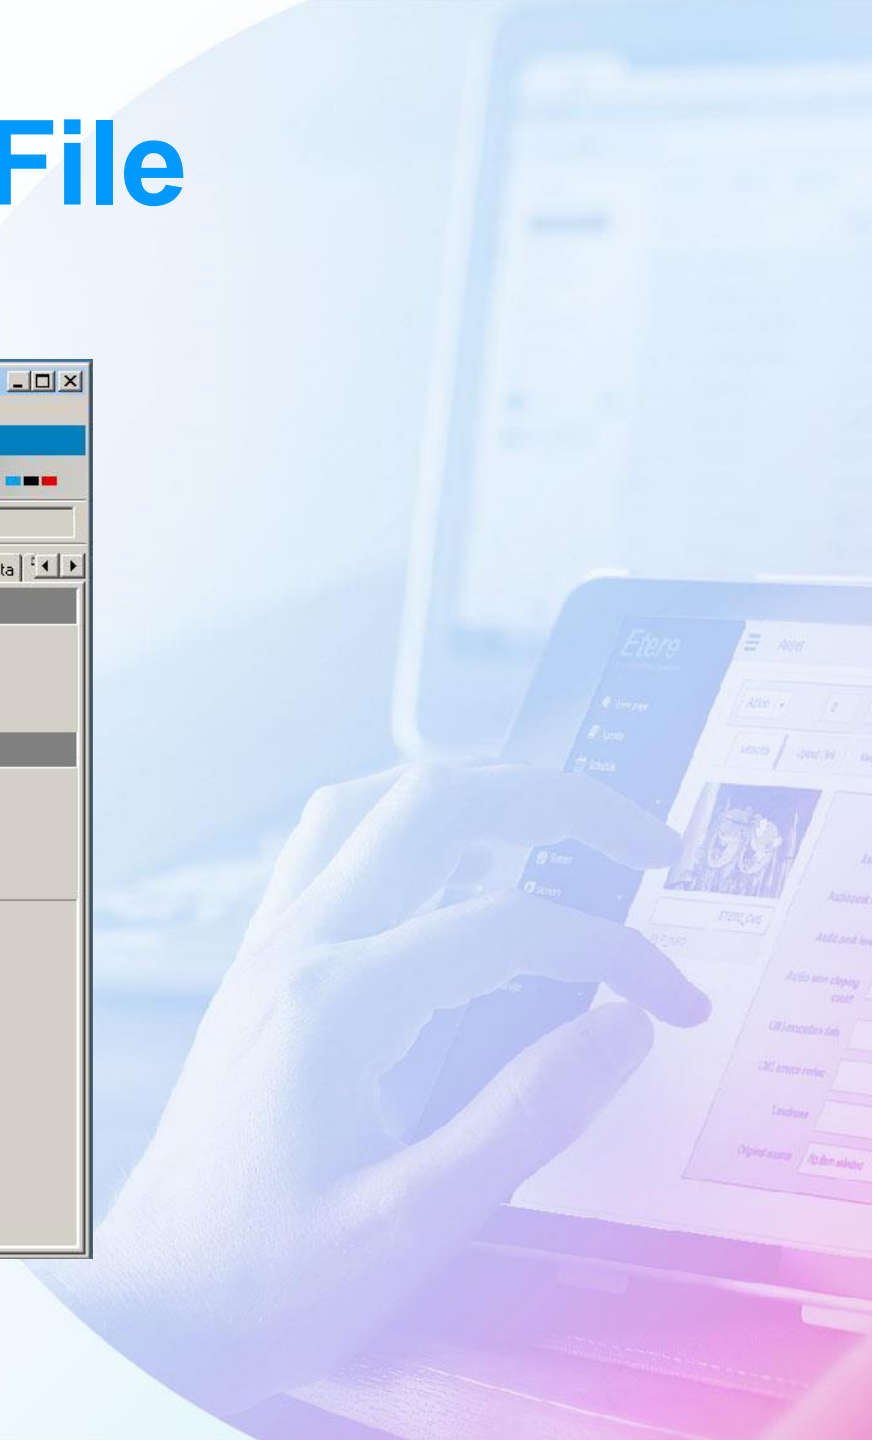

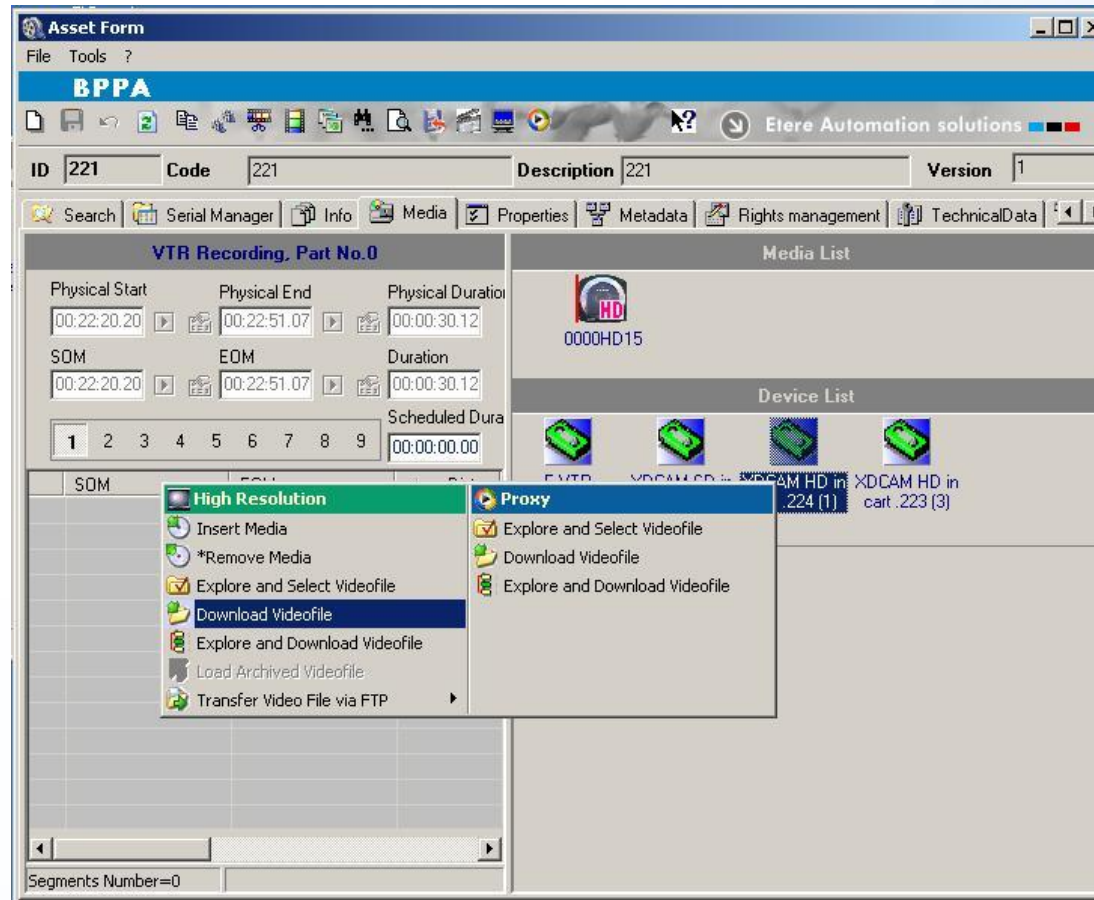

Device	Media	Volume
4M SD in	XDCAM HD in	XDCAM HD in
art. 225	cart. 224 (1)	cart. 223 (3)

System Type: Server, Stand-alone, Terminal Server  
User Name: Administrator  
Volumes: C:\ 67.79 GB NTFS

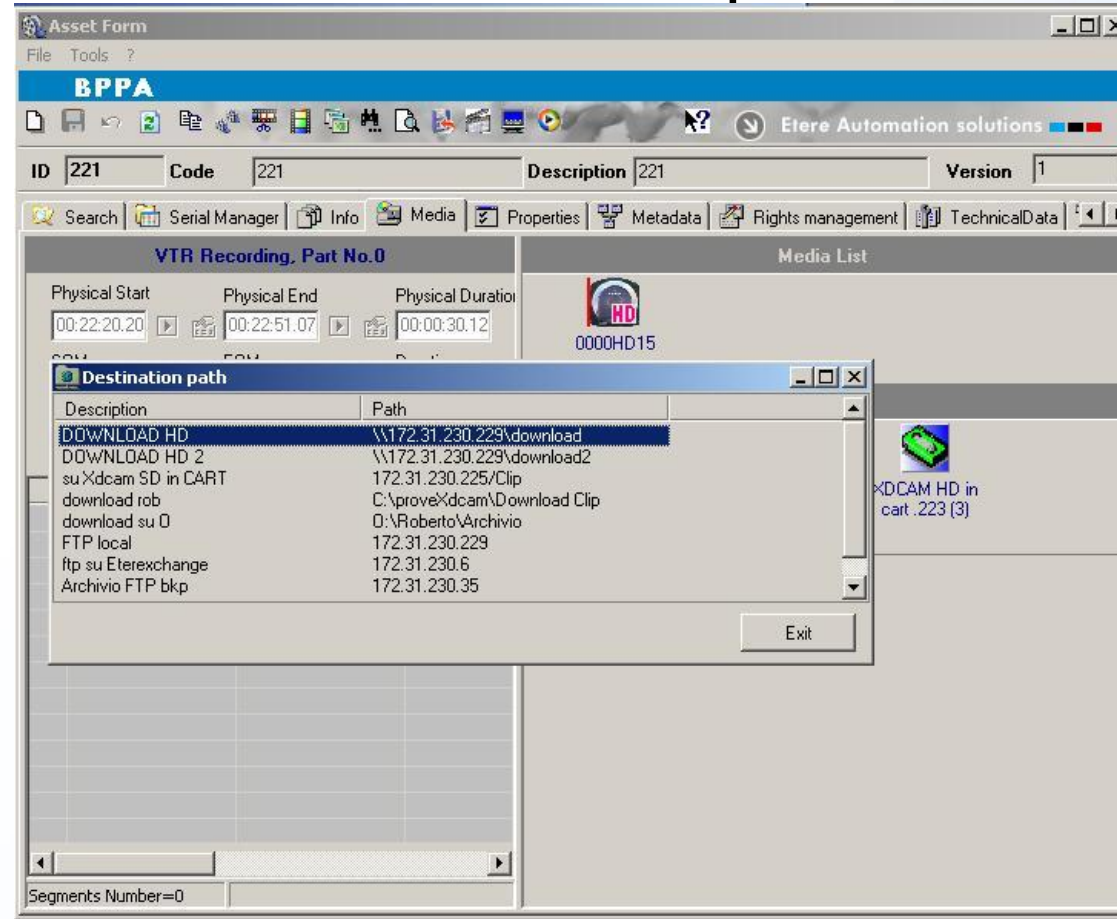

# Download Video File

- Download video file

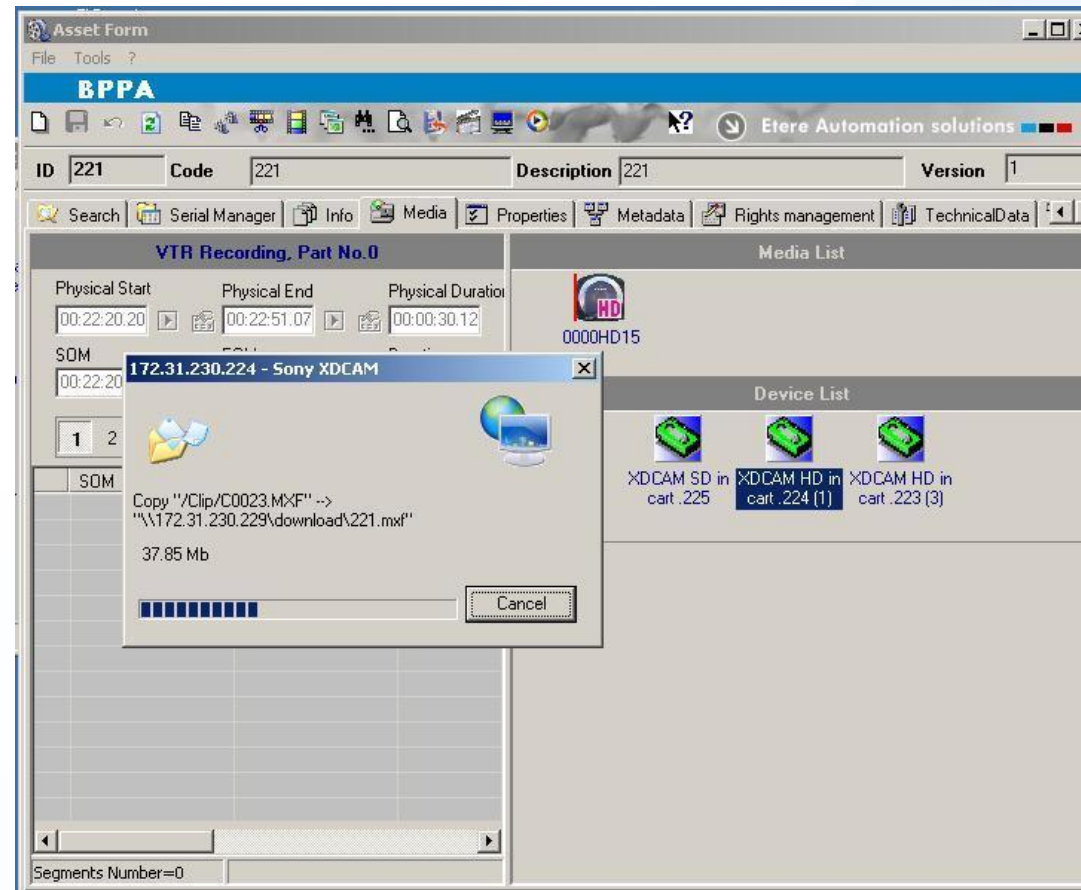

# Destination Path

- Select destination path

# Downloading

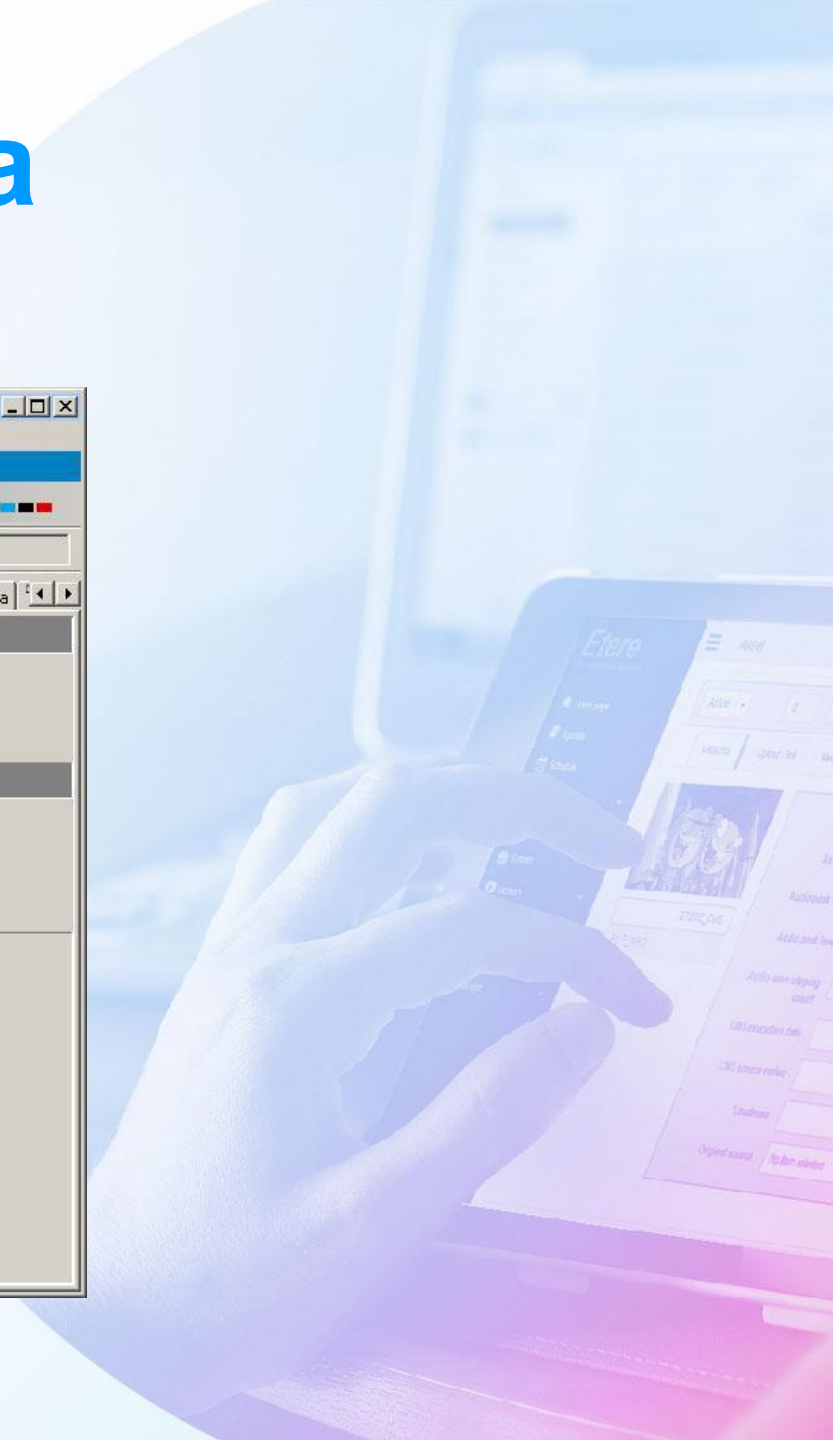

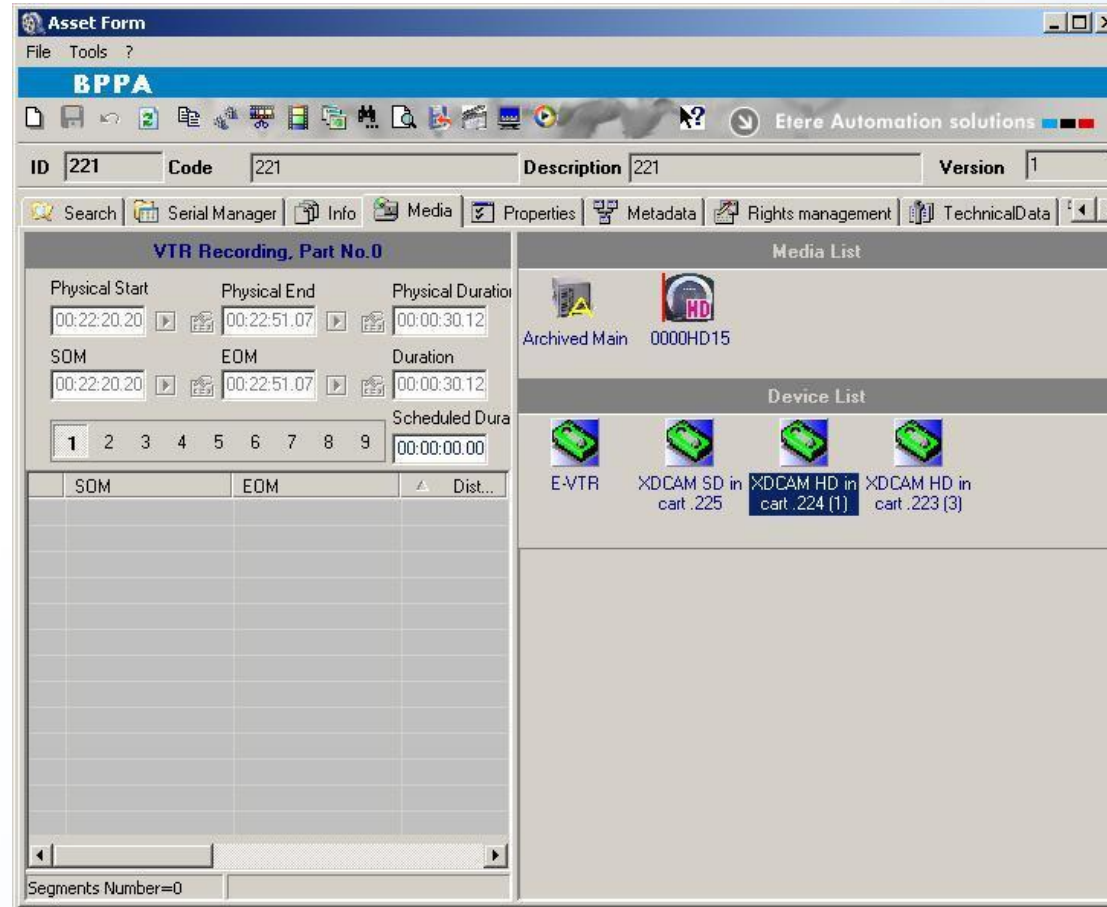

- System is downloading the file

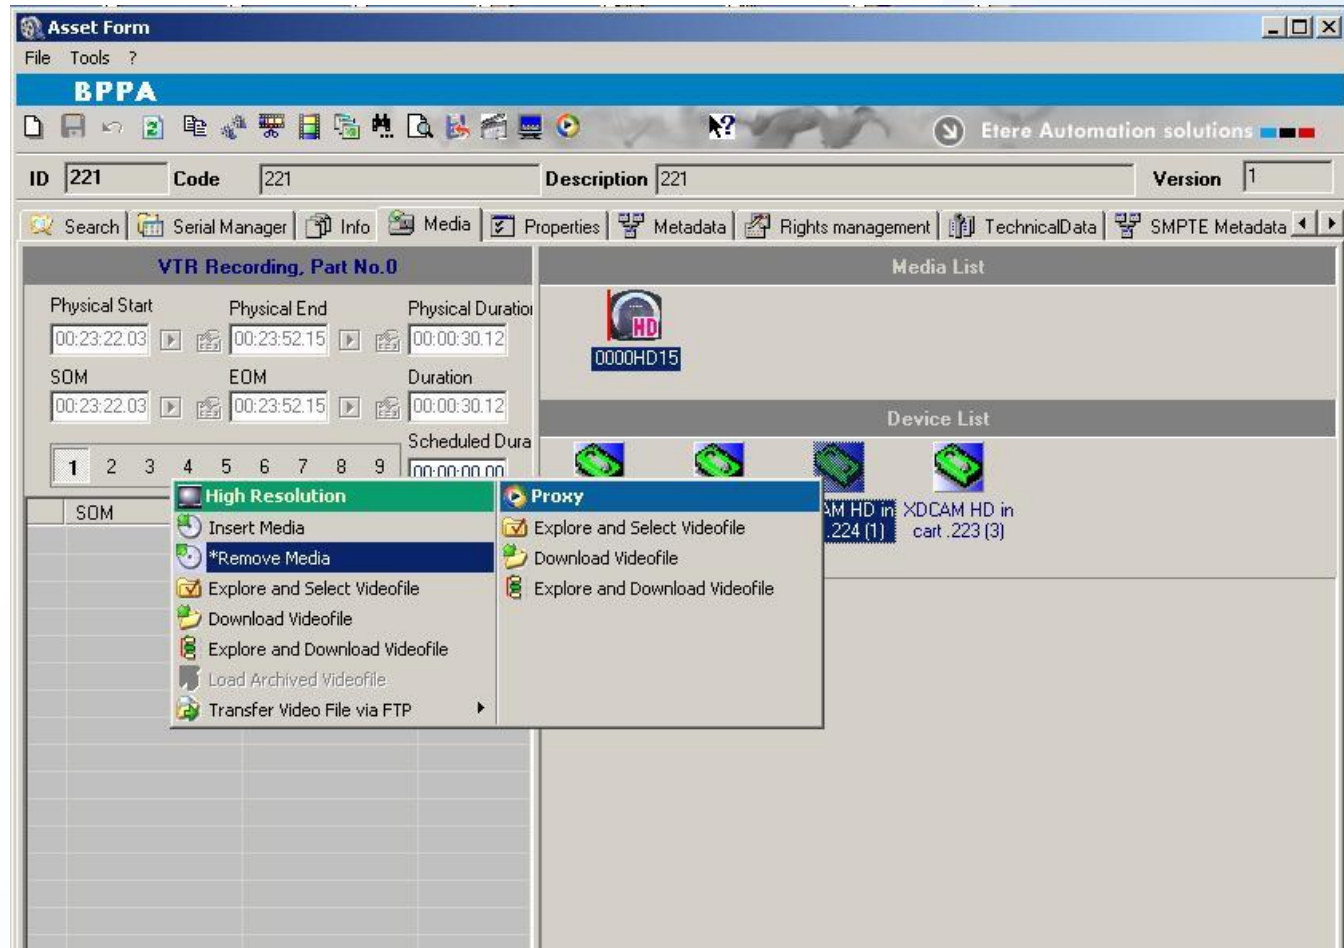

# Saving Metadata

- Save

# Eject Disk

- Remove disc from the deck

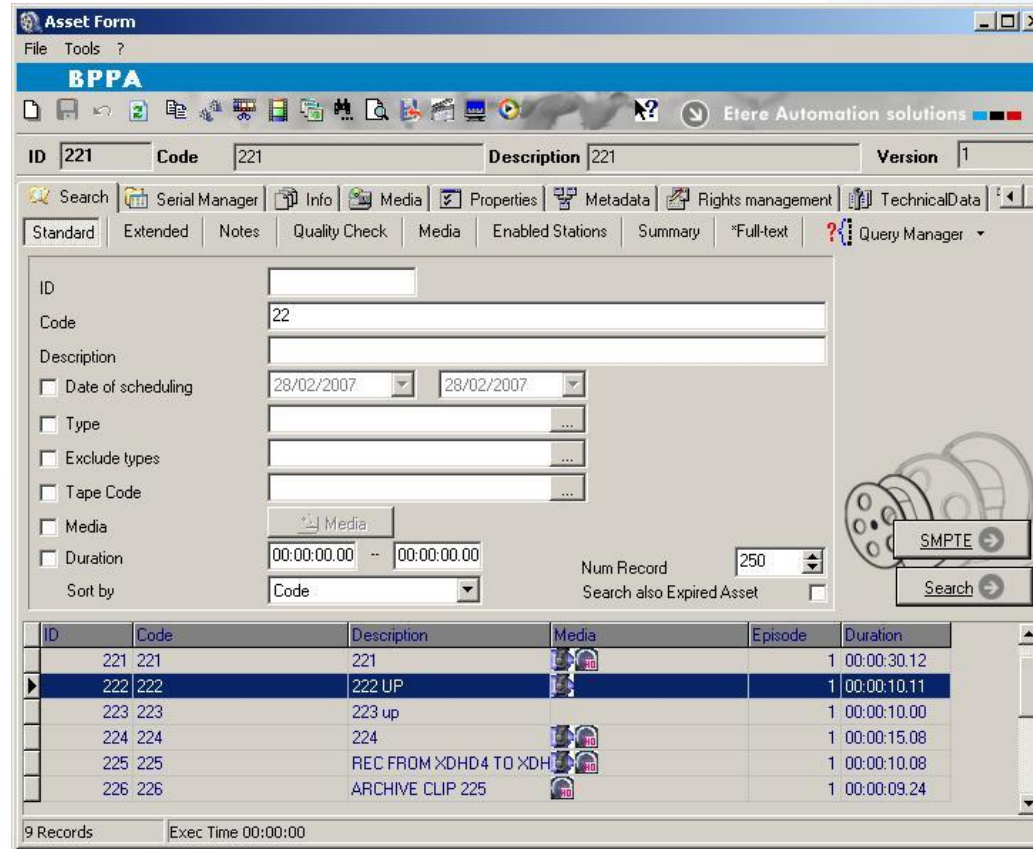

# Move from HD to Xdcam

# Asset Form Upload to Xdcam

- Select asset with associated Archived file

The screenshot shows the 'Asset Form' application window. The title bar reads 'Asset Form'. Below the title bar is a menu bar with 'File' and 'Tools'. A blue banner at the top contains the text 'BPPA' and 'Etere Automation solutions'. The main interface has a search bar at the top with the following fields: ID (221), Code (221), Description (221), and Version (1). Below the search bar is a toolbar with icons for Search, Serial Manager, Info, Media, Properties, Metadata, Rights management, and TechnicalData. A secondary toolbar contains buttons for Standard, Extended, Notes, Quality Check, Media, Enabled Stations, Summary, \*Full-Text, and Query Manager. The main area contains a form with the following fields: ID (empty), Code (22), Description (empty), Date of scheduling (28/02/2007), Type (empty), Exclude types (empty), Tape Code (empty), Media (empty), Duration (00:00:00.00), and Num Record (250). There are also buttons for SMPTE and Search. At the bottom, there is a table with 9 records. The table has columns for ID, Code, Description, Media, Episode, and Duration. The second record (ID 222) is highlighted.

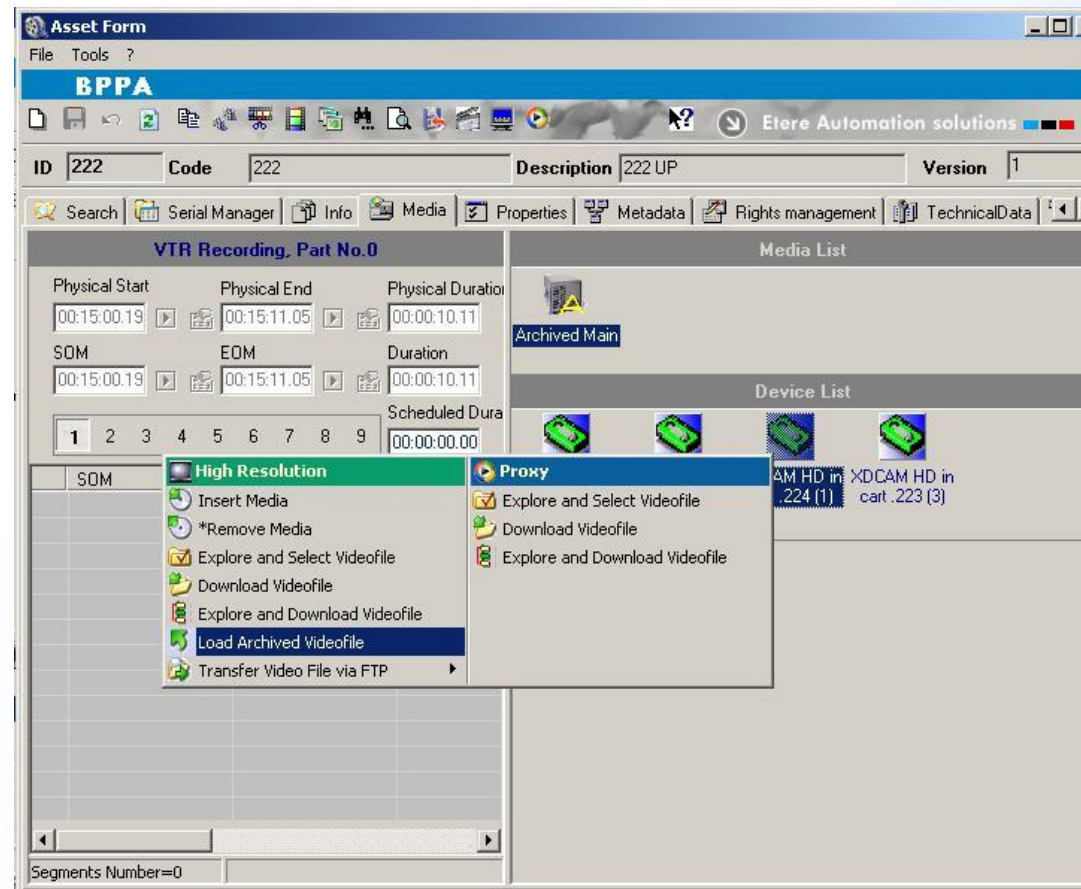

ID	Code	Description	Media	Episode	Duration
221	221	221		1	00:00:30.12
222	222	222 UP		1	00:00:10.11

# Asset Form Upload to Xdcam

- Select an Xdcam Deck and then Upload Archived file

# Asset Form Upload to Xdcam

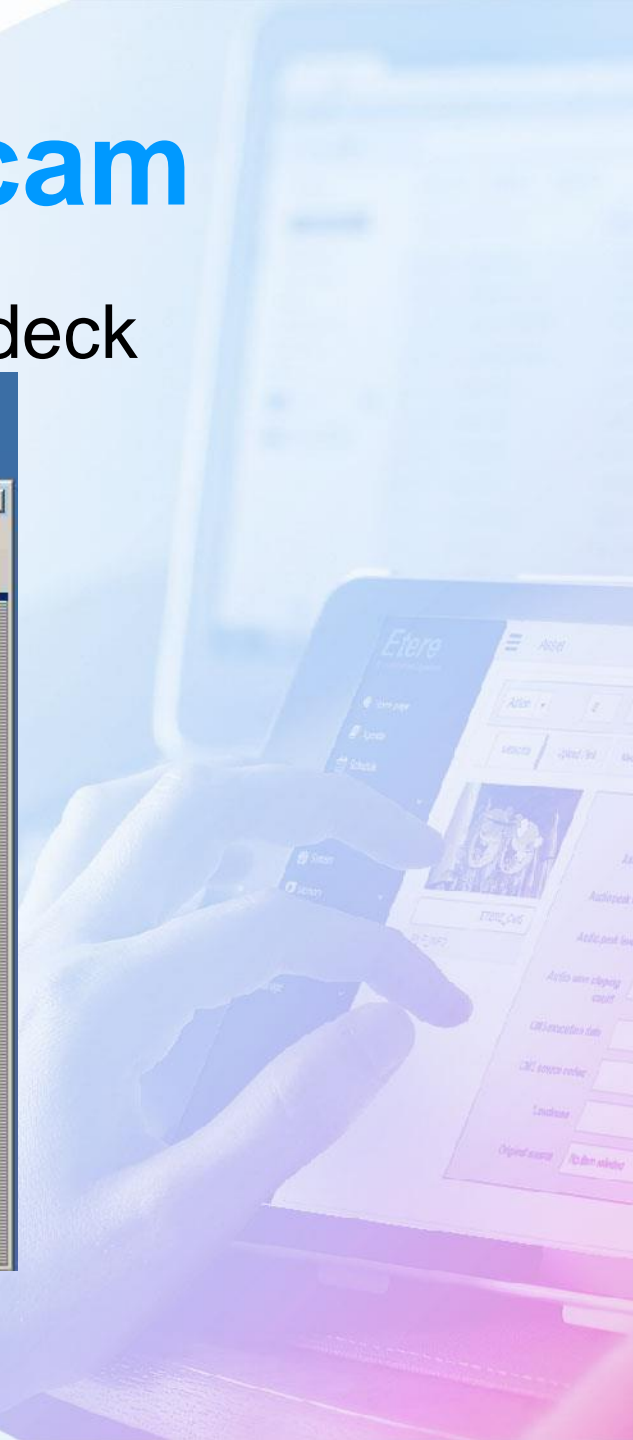

- Select a disc from discs the available in the deck

The screenshot displays the 'Asset Form' software interface. The main window is titled 'BPPA' and shows a 'Cart' configuration for 'FLEX-01'. The interface includes a menu bar (File, Tools, ?), a toolbar, and a search field. The 'VTR Recording' section shows physical start and end times (00:15:00.19 to 00:15:11.00) and SOM/EDM values. A table lists the media codes and their respective free, full, and total space, along with usage percentages. The 'VTR' section at the bottom shows a list of media codes and their space usage.

Cart	Media Code	Free space	Full space	Total space	Usage
1	0000HD13	00:11:48.17	00:48:11.08	01:00:00.00	80%

# Recording

- Press button to select the carts discs list

# Recording

- Select from the list a disc to be moved into the deck

The screenshot shows the 'Cart' software interface. At the top, there is a menu bar with 'Show' and 'Help'. Below that, the 'BPPA' logo and 'Etere Automation solutions' are visible. The interface includes a search field for 'Code', a 'Necessary space' indicator set to '00:00:00.01', and a 'Cart' dropdown menu set to 'FLEX-01'. The main area displays a table of media discs with columns for 'Media Code', 'Free space', 'Full space', and 'Total space'. A progress bar is shown next to each disc, indicating the recording status. The disc '0000HD15' is highlighted in blue, showing 47% recording progress. Below the main table, there is a 'VTR' section with a similar table and progress bars.

	Media Code	Free space	Full space	Total space	Progress

Display the deleted assets

OK

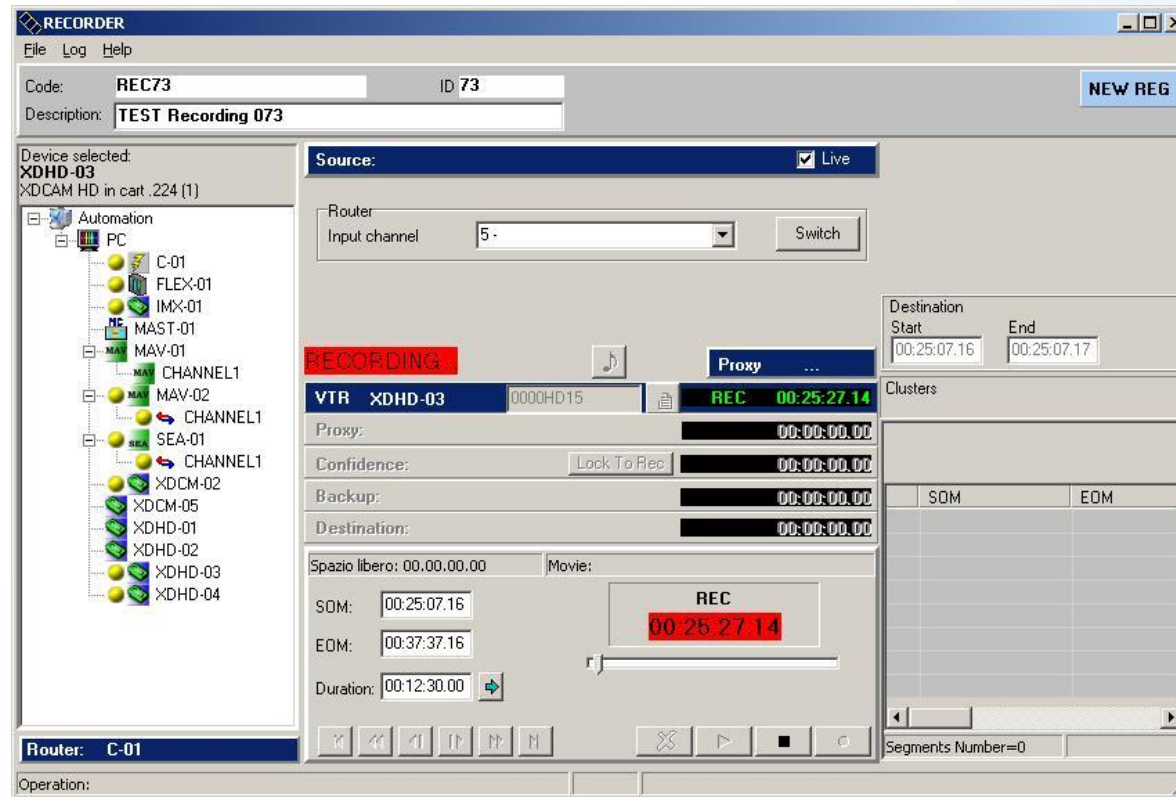

# Disk Move

- After you choose the disc the cart will move it into the deck

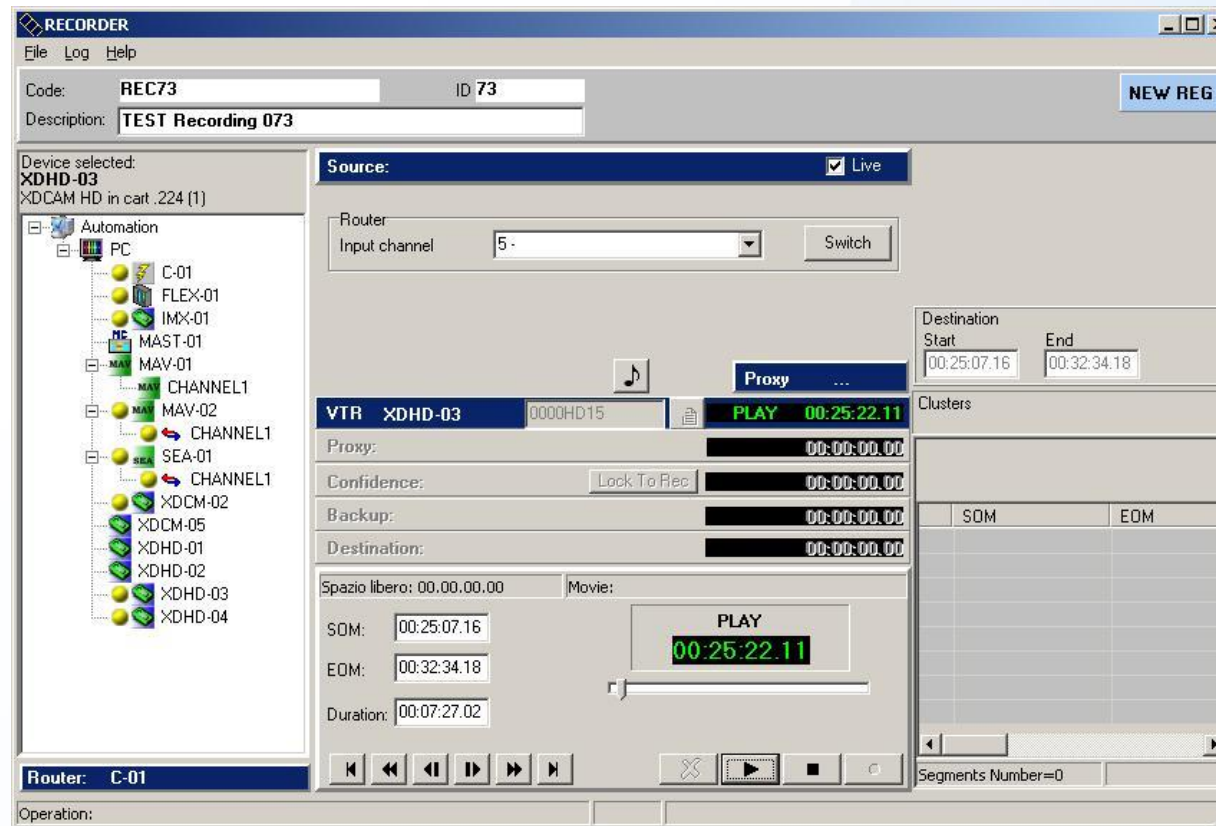

# Recording

- Recording can start

# Recording

- After the recording is finished operator can check the result and trim the recording

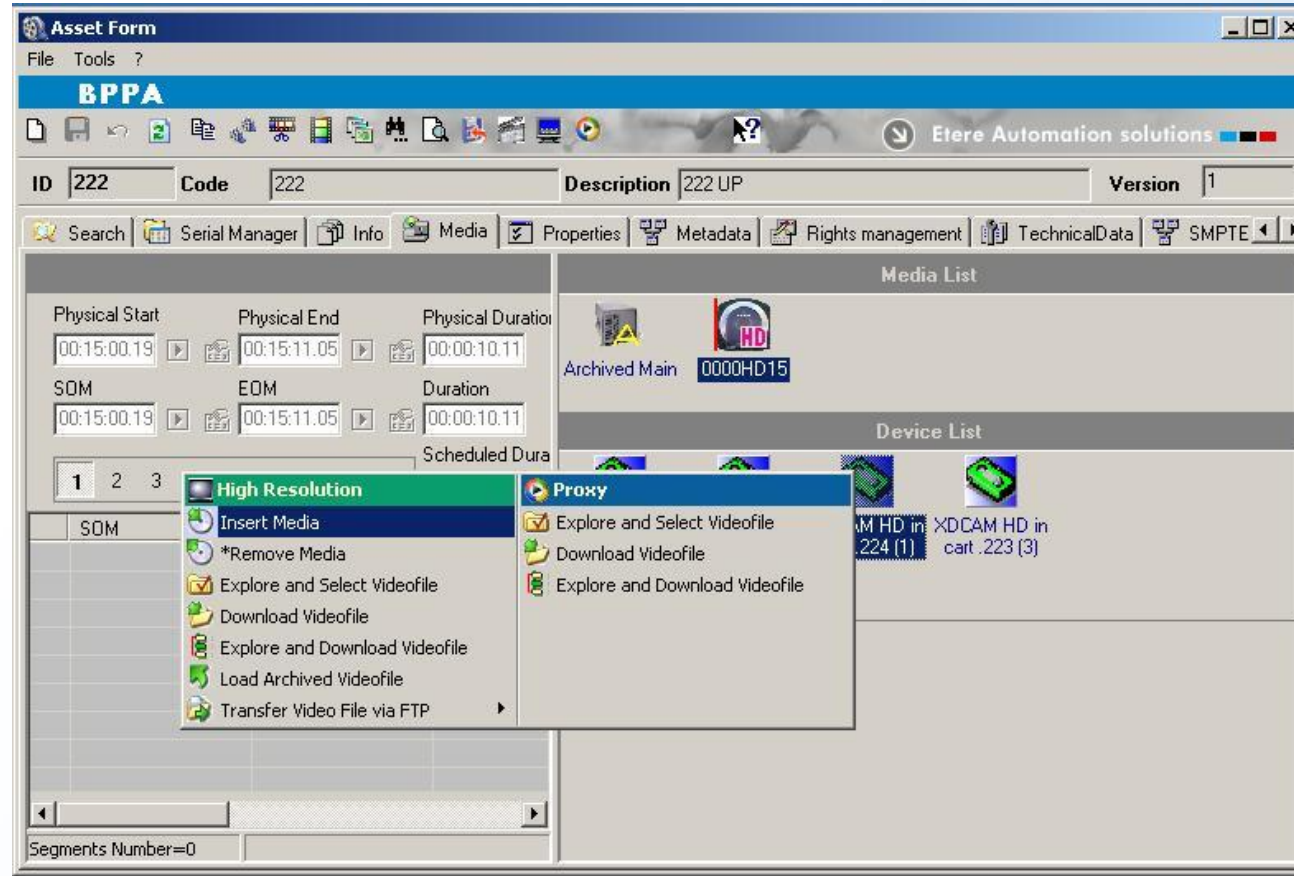

# Disk Dubbing

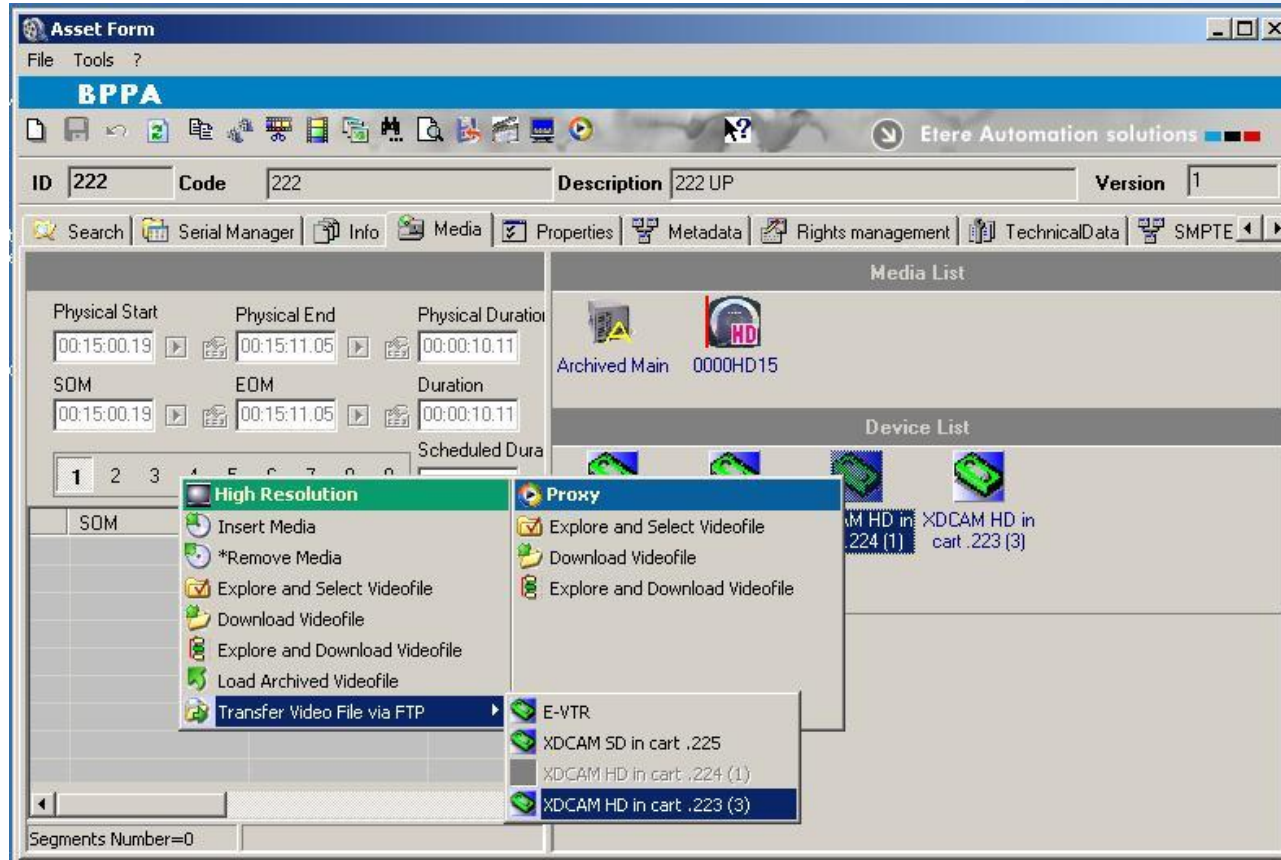

# Disk Dubbing Source

- Select the source disc and insert the disc into the deck

# Disk Dubbing Target

- Select the destination deck

# Disk Select

- Select the destination disc from the cart discs list

The screenshot shows the 'Asset Form' software interface. The main window is titled 'Cart' and displays a list of discs with their respective properties. The 'Cart' dropdown is set to 'FLEX-01'. The 'Necessary space' is 00:00:10.11. The list of discs is as follows:

Line	Media Code	Free space	Full space	Total space	Usage
1	0000HD13	00:11:48.17	00:48:11.08	01:00:00.00	80%
2					0%
3	0000SD12	00:36:24.19	03:23:35.06	04:00:00.00	84%
4	0000HD14	00:44:18.01	00:15:41.24	01:00:00.00	26%
5	0000DV01	00:24:40.11	03:35:19.14	04:00:00.00	89%
6					0%
7					0%
8					0%
9					0%

Below the main list, there is a section for 'VTR' (Video Tapes) with the following data:

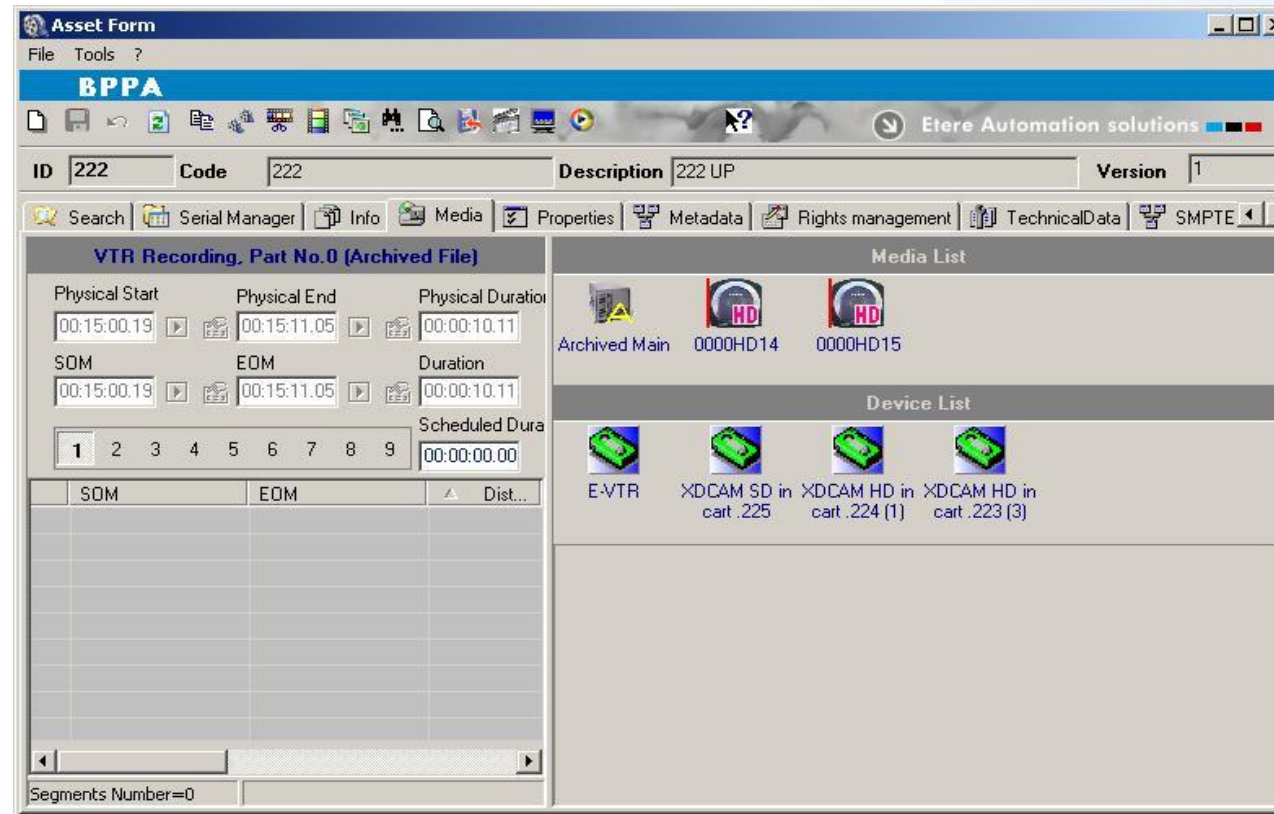

VTR	Media Code	Free space	Full space	Total space	Usage
1	0000HD15	00:27:14.06	00:32:45.19	01:00:00.00	54%
2					0%
3					0%
4					0%
5					0%

The interface also includes a 'Physical Start' field (00:15:00.19), an 'SOM' field (00:15:00.19), and a 'Segments Number=0' indicator at the bottom.

# Metadata Update

- The video file has been transferred from one disc to the other and media data updated

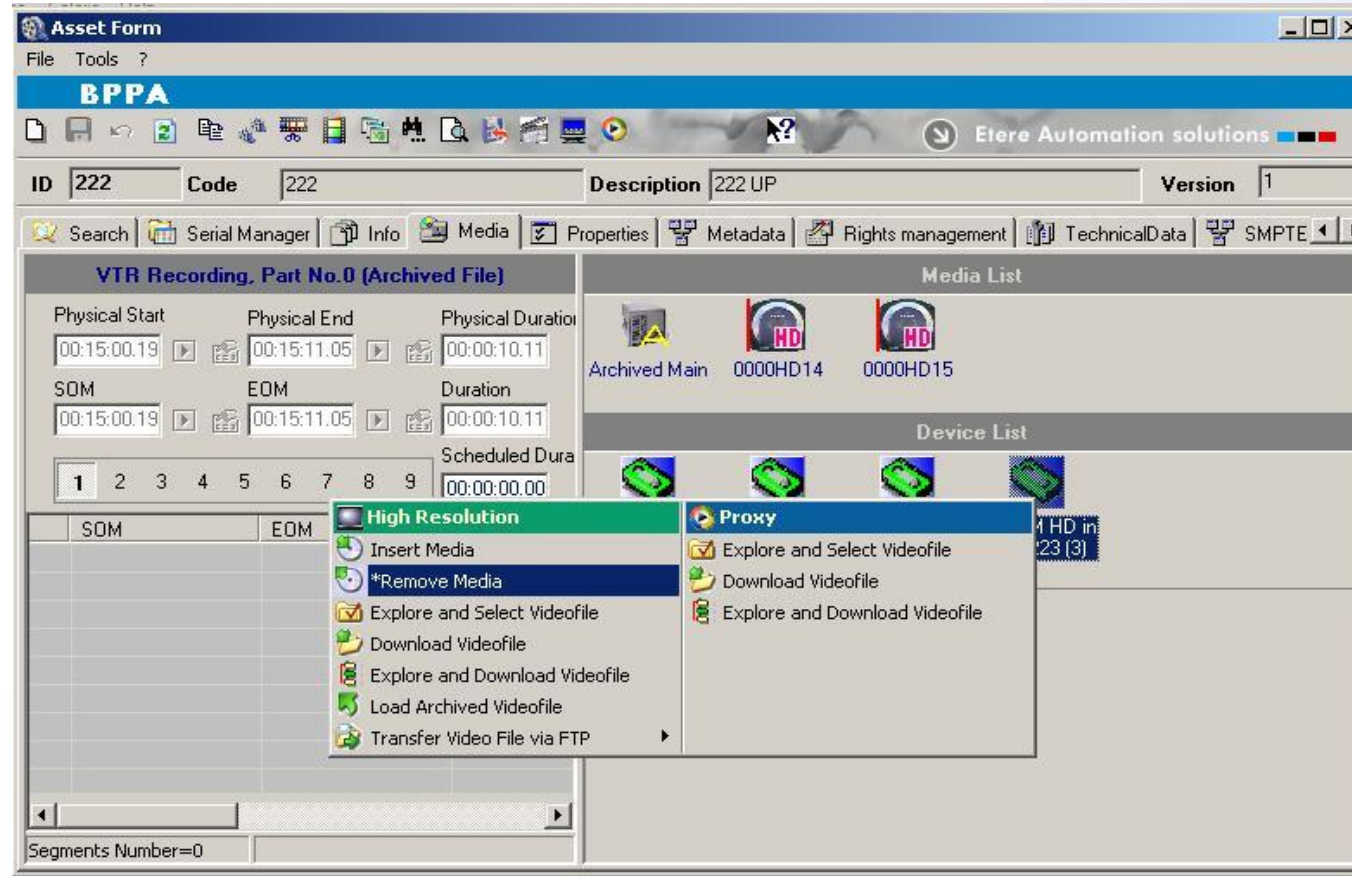

# Disk Dubbing

- Move the disc back to its slot

The screenshot displays the 'Asset Form' software interface. At the top, the title bar reads 'Asset Form' and the menu bar includes 'File' and 'Tools ?'. Below this is a blue header with 'BPPA' and a toolbar with various icons. The main area contains several fields: 'ID' (222), 'Code' (222), 'Description' (222 UP), and 'Version' (1). A secondary toolbar includes 'Search', 'Serial Manager', 'Info', 'Media', 'Properties', 'Metadata', 'Rights management', 'TechnicalData', and 'SMPTE'. The interface is divided into two main sections: 'VTR Recording, Part No.0 (Archived File)' on the left and 'Media List' on the right. The VTR section includes fields for 'Physical Start', 'Physical End', 'Physical Duration', 'SDM', 'EOM', 'Duration', and 'Scheduled Dura'. The Media List shows 'Archived Main', '0000HD14', and '0000HD15'. Below the Media List is a 'Device List' with icons for 'XDCAM HD in .224 (1)' and 'XDCAM HD in cart .223 (3)'. A context menu is open over the 'XDCAM HD in .224 (1)' device, listing options such as 'High Resolution', 'Insert Media', '\*Remove Media', 'Explore and Select Videofile', 'Download Videofile', 'Explore and Download Videofile', 'Load Archived Videofile', and 'Transfer Video File via FTP'. The bottom status bar shows 'Segments Number=0'.
