

Etere Voice Over

Etere Voice Over

- Etere allows an easy cut editing of the video using the Lowres proxy.
- When the timeline is complete, it's possible to add a voiceover comment.
- The voiceover audio will be then combined with the Hires solution Video using Etere Workflow.

Voice Over

The screenshot displays the 'News Story Creator' software interface. On the left, a video player shows a fashion show with a model in a bikini. The main area contains a table of video segments:

Description	SOM	SOM	EOM	EOM	Duration	Media	Physical St..	Phy
